hello dear celtiberos,

Royal Dragons bring to all celtiberos a warm salute!!!

Royal Dragons are organizing a tournament on NTW3: "Dragons and Friends 2". We invite you to join us in this competition.

We welcome all friends to fight and show us the quality of your armies and your keen eye in tactical and strategical warfare.

Only the strongest will survive and will get fame and glory.

A banner will be rewarded at the end of the tournament for your efforts and your victory.

This tournament is a merciless competition, but courtesy and fair-play must prevail between participants. We are all passionate players.

We await you. Prepare your ammunition, sharpen your bayonets and prepare yourselves for the greatest NTW3 battles!!!

The fury of the fights will be there.

Wishing all gamers the best of luck and may the best players win.
