Publicado por {IV-FELIX}Lollo04 - 13 Jun 2011 17:20

Hi all!

I am Lollo04, ambassador of **Clan LegioIVFlaviaFelix**, an italian clan created by fans of total war series. We are growing a lot and we are achieving a lot of important aims. One of these aims is to be very well-known on the international scene. So, in order to achieve this aim, we are starting relationships with a lot of famous international clans :D

This is our websiteforum:

clantotalwarlegioflaviafelix.forumfree.it/

I open my embassy here in order to bring you our greetings, hoping that this will be the beginning of a very lasting friendship between our clans! :D

I also invite you to open an embassy in our forum. This is the **Embassy** section:

clantotalwarlegioflaviafelix.forumfree.it/?f=9074443

You'll find all the information there: how to register (all free) and how to open the embassy! The instructions are obviously in english and are located behind the logo in the embassy section ;)

Still lots of greetings to you all by Clan LegioIVFlaviaFelix! We are waiting you in our forum. You will be welcome^^

See you soon,

Lollo04
